4th July 2005

## VianetAIP Sale

Comdek Limited (ASX: CDS).is pleased to announce the sale of its corporate ISP division to Datafast Telecommunications Ltd (ASX: DFT) in a cash transaction which sees the transition of the VianetAIP business to Datafast effective July 1 2005.

Since the acquisition of eSat by Comdek in January of 2005 the major focus for the company has been the provision of broadband HiBIS internet services to regional Australia as well as corporate voice and data services to national and international mining clients.

The exceptional expansion in the provision of broadband HiBIS internet services throughout Australia will provide Comdek with strong revenue and profit growth. The sale of VianetAIP to Datafast will add considerable cash inflow to the company enabling Comdek to accelerate its already strong presence in this area.

Comdek is also pleased to announce it has secured approval for the provision of high speed wireless broadband services under HiBIS to the some 25 regional locations in WA. This added HiBIS approval will generate an estimated 2- 3 Million in additional revenue opportunities for the company.

Comdek Ltd specialises in the provision of satellite and wireless services to regional and remote locations.
