ASX Release

Resource Generation land acquisition update

Resource Generation Limited, which is developing one of South Africa's largest remaining coal deposits, has paid the purchase price for the land acquisition announced on 15 February 2010 in relation to the company's Boikarabelo mine. The land covers two of the tenements contained in the Ledjadja prospecting right, Draai Om and Witkopje, and contains a significant portion of the mineable resource. \$6 million was paid to the vendors today.
