Clean TeQ Secures Significant Odour Control Contract

The Directors of Clean TeQ Holdings Limited (**ASX; CLQ**), an Australian technology company involved in air and water purification and resource recovery, are pleased to announce that the Company has been awarded the contract for the construction of three odour control units at West MacGregor in the Australian Capital Territory.

“We have been engaged to design and deliver air purification systems for sewer off gas in a new housing development in Canberra. The contract amount is approximately \$3.7 million and the work will commence immediately,” said Greg Toll, Clean TeQ’s Chief Executive Officer.

“The award of this contract comes on the back of the recent success the Company has had in winning the air purification contract at the Beenyup Waste Water Treatment Plant in Western Australia. The award of this contract is further evidence of the successes the Company is achieving in its Air Purification business unit in Australia and the increasing contract values,” said Greg Toll.
