

17 May 2012

2012 Interim Results Announcement and Conference Call

Elders (ASX:ELD) will release its results for the six months to 31 March 2012 to the ASX prior to market open on Monday 21 May 2012.

A conference call on the results and the Company's outlook will be held on the day using an investor briefing pack which will also be lodged with the ASX prior to market open.

The Chief Executive Malcolm Jackman is not expected to be available to host and present to the half-year results conference call as he will be recovering from surgical treatment to correct a leg fracture sustained recently. In his absence, the call will be hosted and presented by Mark Hosking, Chief Financial Officer.

Presentation slides referred to during the conference call will be displayed simultaneously via a webcast available via the link below.

Details for the conference call and webcast slide presentation are as follows;
